Fred Shackelford of Pans spent Thanksgiving in this city.

Julius James Grigsby, one of Sandia's good citizens, was in the city yesterday.

Miss Mae Lane of Washington is visiting Miss Mollie Daily of West Second street.

Mrs. W. Rees Dobyns and children have returned home after a visit to Mrs. Hal Gray.

Mrs. John Jones of Portsmouth spent Thanksgiving with her daughter, Mrs. F. Thomas.

Mr. and Mrs. Charles Nute and Miss Nellie Humphrey of Flemingsburg returned home yesterday afternoon.

Miss Flora Cochran and sister Pearl of Kalamont Heights, Flemingsburg, are guests of Miss Sodie Hill of East Front street.

Mr. and Mrs. Peter Haag of Portsmouth, after spending Thanksgiving with their daughter, Mrs. Barbara Delner, returned home yesterday morning.

Mr. and Mrs. H. N. Meyer leave today for Cincinnati, where they will stay two weeks, after which they will go to Hot Springs, Va., to spend the winter.

Mr. Charles Hampton of Cincinnati, accompanied by his friend, Mr. John Gilliam, also of Cincinnati, spent Thanksgiving with their parents and called on friends.

My footling golden, how I love to work up at your shrine.

My life no longer seems a waste since you are to be mine.

And yet when hearts should meet to part, there comes some cruel thought.

Which into your shadows the day and make our hopes so naught.

A subtle horror flings itself, though pleasure comes and goes; it haunts me, wander where I will; fate has declared it so.

I year to hear the truth from you, declare it good or bad.

Am I to your husband, true, or, I just an ad? Washington, D.C.

Matter for publication in The Ledger MUST be handed in before 9 o'clock in the morning.

Miss Maggie Duke Watson entertained with a musicale last evening.

## SIXTEENTH KENTUCKY.

Thirtieth Anniversary of the Battle of Franklin, Tenn.

Yesterday at Augusta the Sixteenth Kentucky held its fifth annual reunion, being the thirtieth anniversary of the battle of Franklin, Tenn., one of the bloodiest and most decisive of the war, in which the gallant regiment bore such conspicuous part. Early in the action Colonel White was wounded, after which the command devolved upon Captain Jacob Miller of this city.

We have not space to recount the heroic deeds of members of the regiment, but they were many and brilliant.

Augusta was handsomely decorated, and everywhere the latobating of her people was upon the air.

Russell Hall, under the management of Comrade B. W. Perham, was tastefully festooned with the National colors, and every arrangement was perfect for the convenience and comfort of the visitors.

President C. L. Overly of this city was in the chair, and the program was interspersed by good music.

The attendance was much larger than on any former occasion.

After prayer by the Rev. Thomas J. Wood, Dr. A. A. Bannon, on behalf of the citizens, extended the visitors a hearty welcome in a beautiful and appropriate address, responded to by President Overly.

Upon reassembling in the afternoon the following officers were chosen for the coming year.

President—H. C. Meikle of Brookville.

Vice President—W. H. Yelton of Butler.

Secretary—H. C. Weaver of Brookville.

Treasurer—Thomas J. Wood of Tilton.

Chaplain—Jacob Miller of Mayville.

Historian—C. Lewis Overly of Mayville.

Augusta—Innocent, hospitable Augusta, with her handsome daughters and chivalric sons, was chosen almost by acclamation as the next place of meeting.

Then there was a street parade, and again the veterans assembled at Russell Hall, where Rev. Thomas J. Wood of Tilton and Captain Rankin of Ohio made acceptable speeches.

Last night the visitors who remained were entertained with a banquet by Jo. Doniphan Camp, Sons of Veterans.

The Augusta Sons of Veterans are a fine looking body—worthy successors of their patriotic sires.

The recitation, "A Veteran's Daughter," by Little Miss Fields, was well rendered and well received.

Captain H. C. Weaver and his handsome daughters of Brookville were prime favorites with the visitors.

Colonel Thompson of The Chronicle was an interested spectator, and proud of the manner in which the visitors were entertained.

Dr. A. A. Bannon served in an Illinois regiment; but he has lived in Augusta so long that he has "limbed" the "spirit" of true Kentucky hospitality.

One of the most modest persons present was Captain Jacob Miller of this city, who commanded the Sixteenth at the battle of Franklin after Colonel White was wounded.

Miss Harris of Covington, daughter of the late Major Harris of the Sixteenth, was one of those present who manifested great interest in the veterans who had served with her gallant father.

The Ladies respectfully suggests that hereafter those who want to talk and laugh be accorded the use of a separate room. No one can speak when half his audience is moving around engaged in conversation.

Hot Coffee, 5 cents a mug.

THEO. C. POWEN

J. H. Rains & Sons made a shipment of tobacco to Washington, D. C., yesterday.

Trimmed Hats at half price. Bargains unsurpassed. We are selling our Millinery at astonishingly low prices. Mrs. L. V. Davis, Zweigert's Block.

J. T. Kackley & Co.'s opening of fancy goods Monday, December 5th. Music at night by Bailey's Orchestra.

A negro man named "Sugar" Bill, aged 26 years, was found dead Wednesday morning at the Paris Gas Works.

Freddie Reed, brother-in-law of Everett Brightman, the postman, had the thumb of his right hand torn loose by the discharge of a gun Thursday evening. It is not a dangerous wound, but a very painful one. He is getting along all right this morning.

Hot Chocolate, 5 cents a mug.

THEO. C. POWEN

Those in charge of the Thanksgiving dinner for the poor of our city bewitch tenderly sincere thanks to the giver of every good and perfect gift for that out of the abundance with which He has blessed our people, they responded to this call for a practical showing how thankful they were. Most generous were the good people of Mayville by their hearty approval. The burden of the committee was made light and the labor attached trivial, in detail, was much lessened. Having cast their bread upon the water, may it soon return with every blessing attached. By order of the committee.

J. M. Scott, President.

Walter Cady, Secretary.

## BOOMING!

SOME SEQUELS TO THE LATE REPUBLICAN VICTORY.

Returning Prosperity—Factories Starting Up—Work for American Workmen.

(Before the election THE LEIDGER argued that Republican success meant a restoration of confidence, the opening of American factories and workshops, the return of business to its wonted channels, profitable and steady employment for American workmen, and an era of renewed prosperity all along the line. The hopes held out by THE LEIDGER were not false ones; they are being fully demonstrated. Below are a few evidences of the business revival that trends on the heels of the great Republican victory.—EDITOR.)

Akron, O.—The great publishing corporation of this city, the Werner Company, has voluntarily raised the wages of its 1,500 employees 10 per cent, meeting its promise made a year ago, when their wages were cut.

Commercial Gazette: The feeling that has prevailed for several weeks past that it was somewhat unsafe to attempt to offer predictions as to the immediate future of the industrial conditions seems to have passed away entirely, and almost without exception, the various trade publications and the press in general now takes the brightest view of the situation, and feel an hesitancy in forecasting an early revival of business and a general resumption of all classes of work.

Franklin, Ind.—The situation here is decidedly cheering, as the industrial prosperity is increasing rapidly. All our factories, except one window glass plant, are operating with an increased number of employees over last week, and indications are extremely favorable that all will soon be running at full capacity.

"Burnt District," where the conflagration last spring wiped out several business blocks, has all been built up with the brick business blocks, making over \$300,000 of improvements in the building line alone during the past six months. Labor is nearly all at work at remunerative wages, and it seems that the full tide of prosperity has again struck this city.

The following information, gathered during the past week by THE Manufacturers' Record, tends to show that there is a very decided increase in the investments being made in new manufacturing enterprises, and lends encouragement for the future in that project will give employment to a large

number of men, and if the ratio continues the time is not far distant when there will be an abundance of work for all who are now searching for employment. With so many new enterprises constantly coming into existence, and a general resumption of all those that have been for some time suspended, prosperous times are bound to soon return. The Manufacturers' Record's report is as follows: "The week shows the organization of a number of very important mining and manufacturing companies, including a \$500,000 coal mining company in West Virginia, a \$1,000,000 coal and iron mining company in North Carolina, and a \$600,000 coal mining company in Texas; a \$300,000 sugar refinery in Louisiana, \$50,000 ice plant, \$25,000 oil well company and a \$1,000,000 general construction company in West Virginia; \$10,000 spoke and lumber plant, electric light plant, cotton mill and flour mill in Tennessee; \$25,000 cement works, \$100,000 phosphate works, water works and ice factory in Florida; \$30,000 steamboat company, \$100,000 car-bearer works, \$20,000 implement company, \$500,000 machine shops projected in Maryland; \$25,000 manufacturing company and \$25,000 box company in Texas; \$180,000 marine railway plant, \$100,000 land company, \$30,000 machine shops and a \$50,000 fertilizer company in Louisiana; \$30,000 water works, spoke plant, ice plant and flour mill in Kentucky; \$125,000 phosphate works, marble quarry, lumber plant and electric light plant in Georgia; \$25,000 water works and \$53,000 mining plant sale in Alabama. The contract was let during the week for the building of a steamer at Newport News to cost about \$300,000—the shipyard at that point now having on hand about \$2,000,000 worth of work. Railway matters are attracting increased attention, and a number of short lines have been projected to connect with important systems, while contracts have been let for the building of an aggregate of 300 or 400 miles in different parts of the South.

The dancing, singing and grotesque comedy work which form a part of the many attractions of M. B. Leavitt's "Spider and Fly" are quite in line with the accepted standards of burlesque in the British metropolis, where this form of entertainment was credited, and there is enough novelty in the new setting of the piece to suffice for half a dozen similar shows. At Washington Opera house this evening.

Try Lager Tobacco.

It will please you. For sale by all dealers.

A handsome souvenir Cup and Saucer given with each purchase of shoes amounting to not less than \$1.35.

J. HENRY PECTOR.

KIND-HEARTED.

A Dollar Given From Kansas For Miss Dillie Rose.

There are many readers of THE LEIDGER who know John Fisher, a former resident of Mayville, and those who do not know him personally can judge the man by the standard of his generous acts, one of which is set forth in the following letter:

PHOENIX, KANS., Nov. 27th, 1904.

Mr. Thomas A. Davis, Editor of The Ledger.

My attention was called by the notice in your paper to collect stamps for Miss Dillie Rose, and I went to all the business houses and requested them to make their cancelled stamps for me, and collected about two thousand in that way. When I found two boys collecting stamps to send off, expecting to receive thirty cents per stamp, I agreed to take them and had on hand and let them gather what I had managed to collect and five cents per stamp, but finding half of their collection worthless, also learning from Miss Dillie Rose's letter that she expected to receive ten cents per stamp, I decided to send her \$1. the value of what she would receive.

With herewith send you \$1 for her benefit. May others do likewise.

J. A. FISHER.

# F. B. RANSON & CO.

OUR GREAT UNDERVALUE SALE HAS BEEN A WONDERFUL SUCCESS!

This, however, was not a cut-price sale. We were enabled to give our patrons these extremely low prices from the fact that we bought our stock of Boots and Shoes at the time when the depression in money matters was at its height and the leading manufacturers were kept hustling to get orders enough to keep their factories going.

We Bought in Immense Quantities and at Lower Prices

than Boots and Shoes were ever known to have been sold.

Since our opening

We Have Sold More Boots and Shoes

than were ever sold in Maysville in the same length of time, and yet we have on hand a great quantity of the most desirable footwear

Which We Mean to Sell Before the New Year

at which time we will go East to purchase our spring stock.

## DUNN'S REVIEW

Effect of the Closing of the Sugar Refineries.

Replenishment of the Gold Reserve No Help to Business.

The Earnings of Workmen Have Not Increased, Consequently the Prices of Foreign Produce Will Not Be Reduced to a Shade Higher—The Cotton Crop.

New York, Dec. 1.—R. O. Dunn & Co.'s weekly review of last Saturday says:

"The complete success of the government in loan and the replenishment of the gold reserve have not perceptibly affected business nor prevented an advance of foreign exchange near to the exporting point.

"The closing of sugar refineries will diminish the industrial force more than it is increased by the resumption of the Bethlehem steel works and a few other concerns. The controlling fact is that, although in two instances wages have been increased, the earnings of the working force and the purchasing power are not on the whole enlarging at present, and prices of the chief farm products do not materially improve.

"Cotton reached 6c last Saturday, and has reacted 5-16c after a week of speculation. Crop estimates of the New Orleans Cotton Exchange averaged 9,350,000 bales, and a larger quantity has come into sight this year than at this date in 1901, when the yield was over 9,000,000 bales.

"Wheat is 1/2c higher than a week ago, and Western receipts still exceed last year's, amounting since July 1 to 103,500,000 bushels, against 100,800,000 last year, while exports from all ports have been about 21,000,000 bushels smaller.

"Corn has advanced a fraction, receipts being larger than a year ago, and, on the whole, the outcome for farmers has not so improved as to promise larger buying by the west and south.

"The tumble in sugar stock may be aimed at congressional action, but the enormous importations last summer in anticipation of higher duties, have not been sustained by the present consumption. The curtailment of coal production also lessens working force, and hours, and many of the four mills at the west have stopped on account of the condition of the market.

"The great industries fairly maintain the production previously reported, but can not be expected to increase at this season. A few more iron works have gone into operation and the demand is reported larger, but there is little weaker price.

"The shoe industry continues to do remarkably well.

"Money commands better rates since the sale of bonds, but there is scarcely any improvement in commercial or industrial bonds, and the flow of currency hither, and thence, has not been at any time since November. Importers made moderate demands, and the call from merchants is only for immediate needs. The demand for the clearing house are but 3.2 per cent. larger than last year, and 22.9 per cent. less than in 1892.

"Treasury receipts are small, customs 20 per cent. and internal revenue nearly 40 per cent. less than last year, and the deficit for the month appears to be about \$2,000,000.

"The liabilities to failures for the third week in November were \$2,338,381, against \$2,255,776 for the second week last year. The decrease was only in manufacturing, of which liabilities were \$915,326, against \$1,890,077 last year, while in retail, private liabilities were \$1,350,440, against \$1,354,640 last year. For three weeks of last year the liabilities have been \$6,088,493, against \$7,077,145 last year. For this week have been but \$19, against 281 last year, and in Canada \$6, against 44 last year.

LONDON, Dec. 1.—News from Yokohama is to the effect that Prime Minister Lord Salisbury has decided not to receive Mr. Dingfeng, the Chinese minister, who is expected to arrive in London in a few days. In the meantime Mr. Dingfeng was recalled to China by Li Hung Chang.

Mr. Dingfeng had a brief interview with the chief secretary of the cabinet, who arrived from Hiroshima before the envoy took his departure for Tientsin. The English minister, however, is waiting until she is being expelled from the discussion of possible terms of settlement between the two belligerents, and she has arranged a naval demonstration at Chusan on December 1.

The Alcester, Pigmy and Redpole have been recalled orders. They go to join Vice Admiral Fremantle's flagship Centurion and the other warships under his command. This, it is thought, is being done as a measure of precaution, lest the Japanese should carry the war into southern China, now that winter is arriving and the Japanese fleet is in the empire will become icebound and difficult.

The central provinces are pouring troops southward to Canton, where Li Hung Chang's brother, Li Han Chang, is Viceroy. The denunciation of Li Hung Chang by the censors has been a great blow to the emperor, and the Japanese are waiting for the opportunity to strike.

## NICARAGUA.

Cleveland Becomes Bellicose in the Matter.

He Warns Great Britain Plainly That She Can Not Interfere.

The President's Stand Means With Hearty Approval of Every One—England Can Not Fail to Realize That This Government is in earnest.

WASHINGTON, Dec. 1.—The threatened difficulty over Nicaragua control of the Mosquito strip appears to be an international temper in a hot pot. The action of the president in ordering warships there to protect American interests does not call for general commendation. It is just the same in 1901 as it was in 1900 regarding Mexico. President Cleveland will not brook any foreign interference in this matter.

That is his attitude as understood here, and it meets with the hearty approval of every one.

The question of domination and control of the Mosquito strip has been for years a most troublesome one, and the authorities here believe that it is high time that the whole matter was settled.

And it will be settled. The attitude of the president is such that England can not mistake it. Arrogant as Great Britain has always been, she can not fail to realize that the United States is thoroughly in earnest, and will stand little, if any, nonsense.

The administration evidently proposes to see that it is not the United States or other foreign interference, internal or external, with our sister republics of the south.
